**REFLECTIONS...**

*In the age of offshore manufacturing knock-offs, and big box retailers you might go ahead and purchase, for instance, an iPod and it only becomes special when you make your music selections – personalizing and individualizing it. What is unique about art is the connectivity between what the artist's mind imagines, hands create, and soul portrays. Our one-at-a-time, one-of-a-kind works of art are a respite from store shelf merchandise. WICKWIRE is "... where the heart finds art."*

*Our calendar this year offers a captivating new series of events from Artist Demonstrations to Featured Artists and Shows which are designed to give you a broad spectrum of local and regional talent. I will be bringing new artists' work into the Gallery for your enjoyment following my travels to special art shows this year, . Your favorite artists presently in the Gallery will continue to amaze all of us with their new works.*

*We will be sending postcard mailings about our Show events. If you live in a zip code near Hendersonville, please watch for our mailing and, for those of you located a distance away, a visit to our web site [www.wickwireartgallery.com](http://www.wickwireartgallery.com) will give you the same current information. If you have not done so already, the next time you are in the Gallery please provide us with your email address so we can keep the lines of communication open. Looking forward to your visit!*
