REFLECTIONS FROM...

Shirley Palmer-Hill
As I think about 2008, I am more excited than ever - this is our 10th Year Anniversary! Without you and the artists we could never have done it. We have learned so much about “... where the heart finds art”. Time and time again we see a connection between you the customer and the artwork itself. . . senses come alive and art choices are made. The artists and the authenticity of their distinctive artwork heightens our awareness of our environment and brings lasting joy.

We will have two wonderful Shows – one in August “Chasing the Light” and one in October “Connemara Visions”, a Saturday Arts Demonstration event in July “Independent Styles – Illuminating Talent”, and we have a new plan for First Fridays (except for August and October). First Fridays – Gallery Stroll Evenings at our Gallery will be art demonstrations and evening receptions affording you opportunities to engage with our artists in the creative experience. We are calling these events “First Friday Weekends”.

July is our 10th Year Anniversary month – celebrate with us! We are recognizing this milestone by hosting a special party on Friday, July 25 from 6 – 9pm. How quickly a decade passes with memories to share and the present to appreciate! We anticipate a fun event where we can reminisce as well as talk about the future. Our business is gaining momentum. We're growing. This year we are re-designing our Web site www.wickwireartgallery.com and enhancing it with an Online Gallery so you can interact and shop with us over the Internet. Whether you click for more information or choose to purchase, we want you to have the same personalized service and satisfying experience you have come to expect at our 330 and 329 N. Main Street locations. We look forward to your viewing of our e-commerce endeavor and please continue to keep us in mind when you visit Historic Downtown Hendersonville. – Shirley Palmer-Hill, Owner
